A Mother Called

Thursday when all nature had gone to its night of repose the soul of a loving mother left earth and entered that home where tears do not flow and death does not come.

Mrs. Harriet Isabel Pease-Hays died at 10 o'clock Thursday night at the family home in Hays lane. The end came peacefully while her loved ones watched at her bedside.

Mrs. Hays has been sick for nearly a year and for the past three weeks was confined to her bed. She was always patient and bore her pain without complaint. Her husband and daughters tenderly cared for the loved one and although it was believed she could not live they hoped that the dear mother might be spared, for earth holds no greater sorrow than the loss of a mother.

Mrs. Hays was a woman of beautiful character. She was ever ready to help those who needed her aid; always soothing the fears and making the pathway to happiness easier. She was a kind and gentle mother and her children were her greatest pride. She lived to see them grow to manhood and womanhood, respected by everyone.

The deased was born in West Carrolton, Ohio, July 12, 1851 and at the time of her death was aged 58 years. On July 13, 1869 as Miss Harriet Pease, she became the wife of Rev. G. W. Hays of Carrolton. The couple came to California in June 1885. They first located in Los Angeles. Later they came to Sonoma County.

For years Rev. Hays was the pastor of the Two Rock church. They came to Petaluma to reside about twenty years ago and have since made their home here. Mrs. Hays was a descendant of an old New England family who came across the ocean in 1634. Besides her husband she leaves the following children: Dr. Wilfred Bertram, of Sonom ; George Pease, Mable, Lamme, Mary Bertha, Opal Walker, and Hatty Belle Hays of Petaluma. She also leaves a brother H. L. Pease.

The funeral will take place Saturday at 2 o,clock from the Hays home. Rev. Arthur Crosby of the Presbyterian church, San Rafael will conduct the services, which will be private. The remains will be placed in the receiving vault until the weather settles. The family have the sympathy of all in their sorrow. —Petaluma Courier, March 26.

The many friends of Dr. Hays in Sonoma are very sorry to hear of the loss of his mother—the best friend a man ever had—and all extend their syampathies. She is not lost but has journeyed to another and better land to await the coming of her loved ones.

Of Interest To Fishermen

In order to correct the misleading report that the open season for trout will commence April 1, the California fish and game commissioners announce that as the legislature took no action on this issue, the general trout season will open as usual May 1. Steelhead may be taken on April 1. It was this announcement that started the false report that the trout season would open a month earlier than usual.

A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial orde for a good suit and you'll be satisfied. etf

Through the medium of wireless telegraphy one thousand lives were saved Saturday last. The steamer Providence, of the Fall River line, became disabled in the vicinity of Point Judith, Without one of her passengers knowing of the danger they were in the tug Teaser was telegraphed for and the big boat was towed into Newport. Most large passenger boats are equipped with wireless now and thereby traveling by sea is made much more safe.

The reception will occur on Monday night, April 12.

The affair will be under the auspices of the Santa Rosa Chamber of Commerce and the special committee in charge of arrangements is composed of Charles A. Wright, Dan H. Lafferty, Dr. Harry Leppo, Temple Smith and Chas. H. Bane. To practically all of the visitors it will be the first opportunity to inspect the building and its handsome appointments. The work of plastering on the Sonoma county court house is progressing. The walls and ceilings of nearly all the rooms of the building have been finished and the force is now at work plastering the arches and ceilings of the corridors of the building. The parts of the structure that have had the finishing coat applied to them present a splendid appearance, well befitting courts of law.

The work of placing the balustrade in the balconies facing Fourth street is also being pushed.

Money for State Home

Senate bill No. 567 re-appropriates $376.67 left over from the old appropriation, to be used for fire apparatus.

Senate bill No. 1171 re-appropriates $7500 left over from the $75,000 appropriated two years ago for the construction of the administration building for the purpose of furnishing the building.

Senate bill No. 102 appropriates $5,000 for the completion of the new manor house, which is a dormitory for the resident officers and employes and meeting place for the Board of Directors.

A new Innacy law that goes into effect March 18, was also passed by the Legislature and has received the Governor's approval.

Miss Elizabeth A. C. White, the recognized oracle on matters of woman's dress, told more of elongated corsets at the second day's session of the Dressmakers' Protective Association now gathered in New York. "The corset and not man is the master of woman," said Miss White. "Conceited man thinks he is the master, but whalebones and steels are really the masters of women's health, her beauty, and the arbiter of the length of her life." Several models were laced into the new corsets while Miss White explained the benefits and beauty of the latest contrivance.

The question is asked us whether the musk of the common muskrat is not used to make cheap perfumery. We have never heard of such use of muskrat musk, nor can we find anything definate on the subject in the books. Application to a large manufacturer of perfumery, however, brings out the information that some years ago musk from the muskrat was tried out for perfumery purposes, but was not found available for this use. Not a single instance of its being used now is known. The musk of commerce comes chiefly from the musk deer.—Forest and Stream.

WEEKLY EXPOSITOR
PUBLISHED EVERY FRIDAY BY
C. L. NEWMAN
Editor and Proprietor.

Entered at the Sonoma Postoffice as Second-class matter.

FRIDAY, APRIL 2 1909.

In another column in this issue appears a poem entitled "'Tis a Beautiful World That We Live In." composed by Miss Edna Poppe, of Glen Ellen. The poem shows marked talent and deep thought and though Miss Poppe is still young in years she bids fair to make a poet of fame in time to come. We desire to encourage her in this line and shall consider it a favor to print her poems whenever she desires to send them.

The summer season is upon us and there are matters that will be brought to our attention very forcibly, if not agreeably, and we must take action at once. Every citizen of this valley should be interested in the welfare of Sonoma and every citizen should give his support toward the betterment of our streets, our plaza, our water system, and last but not least, our sewer system. If you are a lover of health for yourself and family you must work for the installation of a sewer system that will be large enough to carry the debris away. Sonoma has outgrown its infancy and must step forward with modern improvements. It does not stand that because we have gone along for years without a sewer that we can continue to do so. We have grown, and in our growth must naturally have more room, more pure air and take precaution against pools and pits where the dreaded and contageous diseases gain their existance. Ask your family physician whether we need a sewer system and you will find him ready to show you hundreds of reasons why we should have one. The city of Sonoma is practically free from debt and it's up to the Trustees to take the first step in this line. We feel confident they realize the necessity of this and I ope that at their next regular session they will bring the matter up for discussion and we hope action.

Thought and Skill

We have had and still do have, good schools for the developing of thought in the child, but until of late little had come into the school to aid in giving skill to the hand. The great demand in all departments of labor, whether of hand or head, is for skilled workmen; men and woman who can faithfully and well perform the work undertaken.

This long felt want has led our deepest thinkers and most efficient educators to the conviction that in our schools the head and the brain must both be trained; that neither can do its best work without aid from the other. Action and reaction are equal, and these forces act and react one on the other. Hence the utility of Manual Training in our schools.

It is to be hoped that all who can will be at the High Scoool on Saturday evering April 10th. at 8 o'clock, to learn from two of our practical, efficient educators, the good results obtainable from this work.

Leland Richard Rubke

At the family home in Shellville occurred the death of Leland Richard Rubke, son of Mr. and Mrs. Henry Rubke, on Tuesday morning at six A. M, leaving us at the young age of eleven years, ten months and twenty-three days.

Since last December he has been sick with inflamatory rheumatism and at times it was expected he would pass away at any moment. Gradually, however, he had been improving until Monday when he again took sick and finaly succumbed to heart failure.

Leland was a fine boy, of good habits and well liked by all. Among his boy friends he was called "The Lawyer," on account of his dignified bearing and the interest he took in his books, always being at the head of his class.

'Tis A Beautiful World That We Live In

'Tis a beautiful world that we live in
Let us make it still brighter each day.
And forget every cloud that enshrouds us
To think of the sun's hidden ray.

Every day there is kindness to scatter,
Every day there are praises to earn.
If we falter or weep does it matter?
Every day there's a lesson to learn.

Every day there's a kind word to utter,
Every day there's a kind deed to do;
And sweet deeper thoughts we may ponder.
To seek ever that which is true.

Let us gaze with the eye of the spirit
And list to the spirit voice speak;
There is wisdom and beauty and splendor
Aboudantly all that we seek.

'Tis a beautiful world that we live in.
We may bask in the sun's fairest ray;
Let us give of the best that is in it.
Let us make the world brighter each day.

MISS EDNA POPPE.

Noted Missionary Here

Miss Kirkland, of the Baptist, Missions of Northern China, will speak Sunday evening, April 4th, at the Congregational church. Miss Kirkland is on her way to her home in Scotland for a needed rest after fifteen years of service in the Orient, and is now the guest of her sister Mrs. Little, of Sonoma. She will speak concerning her observations and experiences in China and will exhibit some articles of interest in her possession. All are cordially invited to hear her. Services will begin at 8 P. M.

Special Session

Monday evening the Board of Trustees met in special session in the City Hall for the purpose of reading for the first and second times the new or revised, license ordinance. This was in order that some action could be taken at the third reading at the next regular session of the board. The ordinance now reads $30 per annum for 1st. class, $20 for second class, $10 for third class and $1.50 for fourth class. This will bring the license question to a head and will probably be satisfactory to all concerned.

Organ Recital

A Lenten Organ Recital will be given next Thursday afternoon from 4 to 5 o'clock, on the Craig Memorial pipe organ in the Congregational Church Selections will be played from Scheubert, Greig, Stainer, Ashford and others, interpersed with choice vocal solos and duets. Many unknown people were in town the past week and several automobile parties have passed through here. It is evident the spring fever is now on, and people are more desirous of seeking the shady nook, the rippling brook, ease, pleasure and recreation, than labor for a time. Not long to wait now for the summer boarders.

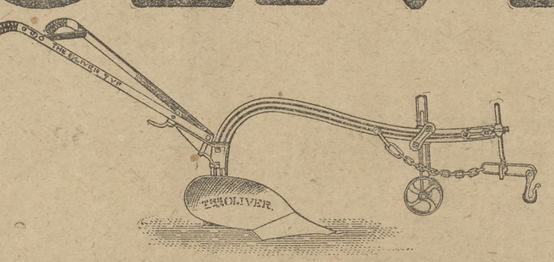
OLIVER



JUST LOOK at the *Oliver Line* before you buy---that's all.

We want you to have the best plow on earth for your particular purpose. We believe that plow is the OLIVER and we think we can prove it to you.

The No. 7-V-F steel beam plow is one of the most popular orchard and vineyard plows on the coast. Has many special adjusfments which provide for plowing close up to the trees and vines without damaging them.

We haven't any objection though to your looking around all you choose---the OLIVER sells better by comparison than it does in any other way.

It is a plow that competition does not hurt, for when you line it up with the others it sells on its plain superiority. This season there are new designs, new features and a brand new plow for orchard and vineyard work that is a wonder.

All we ask of any man who wants a plow of any kind is that he come and see us before he buys. That isn't much---better do it now.

ESS AND ACCURACY.

DOCTOR PIERCE'S AIM ALWAYS HAS BEEN to give positive and VALUABLE SERVICE for every dollar received, therefore when he began professional life he sought to

AIM STRAIGHT AND HIT THE MARK,

especially in the treatment of a very large class of cases that were being maltreated by many physicians through ignorance of their real nature.

This necessitated GOING TO THE ROOT OF THINGS in two special senses.—IN CAREFUL, EXHAUSTIVE STUDY to know what was the real cause of the innumerable aches, pains, drains and weaknesses which afflicted women, and AGAIN TO THE ROOTS which Nature had provided so plentifully for the HEALING OF MANKIND.

Thoroughly convinced that alcoholic stimulants and medicines prepared with alcohol did far more harm than good, Dr. Pierce prepared his remedies, extracted their virtues and preserved them without alcohol, then, guided by actual experience, formed combinations by which a minimum of medicine produced the maximum result. This insured his success and gave him the reputation of "the successful specialist," and, quite naturally, the prescription that he thus used most became "HIS FAVORITE," and was the origin of

Dr. Pierce's Favorite Prescription

as now known. In no sense is it a "patent medicine," or even a secret one, but a

REAL PRESCRIPTION OF A REAL DOCTOR,

that had run into great popularity because it cured more than ninety-eight out of every hundred of the cases in which it was correctly used.

One of the important ingredients of this now world-famous "FAVORITE PRESCRIPTION" is

BLUE COHOSH ROOT,

which was in great repute among the American Indians a century ago. The squaws used it for the relief of their special troubles, particularly for the easing of the pains of maternity, calling it "Papoose root." Then there are four other ingredients in this "PRESCRIPTION," namely: Lady's Slipper root, Black Cohosh root, Golden Seal root and Unicorn root.

It Stands Alone not only in respect to its known composition, but also as the only specific, advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

1000-page Doctor Book sent free

Another windfall is in sight for the depositors in the California Safe Deposit and Trust Co. Two transactions, now in the process of completion, will bring to the institution from $900,000 to $1,000,000. In the first place there is a disposition on the part of some of the leading stockholders in the concern to compromise the liability claims with cash payments that will aggregate $750,000 to $800,000. The second transaction involves the sale of the El Dorado Lumber Co. for about $100,000.

J. B. Lamoge, of Oakland, was fined one hundred dollars last week for an indiscretion. The man is a prominent member of the First Congregational Church, and had pleaded guilty to pool selling. The court declared Lomage was not a pool seller in the strict sense of the word, but that he had been guilty of an indiscretion and had been punished by the notority attached to the charge against him. An alternative of fifty days in jail was offered Lamoge.

A new instrument has been invented, known as the sexiphone, by which the sex of an egg can be determined without breaking the shell. Such a niceness. You can now know whether you are eating soft boiled roosters or pullet ormelets for your breakfast or can order a scrambled hen.—Argus.

Just a little CASCASWEET is all that is necessary to give your baby when it is cross and peevish. CASCASWEET contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drug Law. Sold by all druggists.

The Houts Auto Company of Santa Rosa has placed a large sign just inside of their door bearing the names of all the Reo owners in the county. That there has been a big demand for the Reo car in this county is evident from the way the names have been added to the list lately. At the present time there are fifty-eight names on the same.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

And now the Glen Ellen district comes to the fromt and bids for a share of recognition as a poultry and egg center. A correspondent writes the Press Democrat that the poultry industry is becoming very popular there, and is growing all the time. Among the chicken raisers who now own over 2,000 chickens he mentions Andrew Erickson, Oliver Cobb, Milton Johnson, Thomas Parnell, Edward Steiger, Mr. Ratten and others. There are many other poultrymen who have smaller flocks. Judging from the preperations being made this summer will see many more chicken ranches in the Sonoma Valley.—Press Democrat.

The best known pills and the best pills made are DeWitt's Little Early Risers. They are small easy to take, gentle and certain, and are sold by all druggists.

The coal mined in the United States each year, if piled together, would make a cube having sides of 714 yards.

Most women who have bad complexions have dyspepsia, or at least indigestion, which eventually will become dyspepsia. To have fine, fair skin and healthy, rosy cheeks you have to have first a good, healthy, perfect digestion in order that you may have rich, red blood. Keep you stomach well by taking Kodol for Dyspepsia and Indigestion occasionally—just when you need it. It is pleasant to take. Sold by all druggists.

Edward Burchell, a resident of Petaluma, and only a youth, has invented an aerophane. The invention is said to be of considerable merit, and is attracting the attention of many persons intersted in the problem of navigating the air. The Petaluman's work is highly praised by those who have seen it.

Sour stomach makes sour people. It makes your disposition sour—you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Kodol for Dyspepsia and Indigestion will digest any kind of food in any combination at any and all times. Keep your stomach well by taking Kodol now and then. Sold by all druggists.

The State Board of Health has decided to publish the names and locations of violators of the pure food laws in the future as fines with secrecy has failed to prevent further violations. Beginning April 1 the monthly bulletin of the Board will contain the names and location of all offenders of the laws as fast as found.

Deafness Cannot Be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Pennsylvania Railroad has dopted the third-rail system of electricial transmission for its tunnels in the vicinity of New York city.

Indigestion Ends

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapepsin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Biliousness, Heartburn, Waterbrash, Pain in the stomach and intestines, or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangule will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50 cent case of Pape's Diapepsin from your druggist and start taking today and by tomorrow you will actually brag about your strong healthy stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

A Pennsylvania farmer has begun to breed ladybugs to combat the attacks of plant lice and the San Jose scale.

Make it Yourself

There is so much Rheumatism in our neighborhood now that the following advice will be highly appreciated by those who suffer.

Get from any good pharmacy one half ounce of fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a botttle and take in teaspoonful doses after each meal and at bedtime; also drink plenty good water.

It is claimed that there are few victims of this dreaded and torturous disease who will fail to find ready relief in this simple home made mixture, and in most cases a permanent cure is the result.

This simple receipt is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acid and waste matter, which causes not only Rheumatism, but nervousness and other diseases. Every person here who feel that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

The Brooklyn Institute of Arts and Science has purchased from the Indians at Ukiah a giant basket, woven for a granary, and which has been used for that purpose. The Institute is now seeking a way to get it transported east. The basket is the largest ever woven, and will prove a great curosity in Boston, if it can be taken there. The basket is to large for any box car, and it is feared it will be injured in the tunnels if placed on a flat car. The Institute is said to have secured the basket for $25, but it will cost several times that amount to get it east. General Passenger Agent J. J. Geary is trying to devise a method of transportation.

DeWitt's Carbonized Witch Hazel Salve is very good for chapped hands, cuts, scratches, burns or bruises, for it penetrates the skin and it heals quickly, but is especially good for piles. Sold here by all druggists.

Wise Talks by the Office Boy.

"The proof of the pudding is the eating thereof," tis true. But you don't taste it unless it looks good, do you? Our spring suits are tasty. "Eye them before you buy them." If you've never worn a Kuppenheimer don't you feel somewhat curious to know why we are "Shouting" and making so much noise

about them? If you will try on a few of the new models you will "shout" with us. Honest merchandise makes any business grow.

That is the kind we sell. We try to sell clothes that gives satisfaction and make friends for our store. Until Kuppenheimer became known it was pretty hard to find ready to wear clothes that were designed and tailored better than the average tailor could produce them in this community. Our suits at $18. to $25 are strangely like the $35 high class made-to-order kind, only we claim ours at least one season advanced in style. Drop in and slip on a few coats. No trouble. No obligation to buy. Just want to show you. Thats all.

WILLIE.
